

## Sullivan Family Involvement Plan 2017-2018

- We want to have our families involved in as many aspects of their student(s) education as possible.
- We will have monthly family meetings where we will share information with families about a variety of academic topics. Additionally we will have a time for families to ask questions and share concerns with administration.
- We will illicit input from families on what they would like to see happen for their student(s) at Sullivan. We will work with families to create the School Improvement Plan for the year, and partner with families to monitor the goals outlined in the SIP.
- CPEO will be offered twice this year in the fall and the spring.
- In addition to conferences twice a year, we will host a literacy and math night for families to come to school and enjoy time together reading and working on math skills.
- We will partner with the University of Minnesota to broaden our efforts with families specifically in our science classrooms. This partnership will include a family night and video conferencing throughout the year.
- Our office is always open for families to stop in and connect with the school staff.
- Mohamed Abdilahi is our family liaison; he is located in the main office and is available at 612-668-5035.
